

Tianci Product

Half-wet material crusher

is specialized in crushing half wet material with high moisture which is a professional equipment of fibrous material crushing. With high-speed rotating blade, it features good granularity and high efficiency. It does a good effect in crushing hen manure, sodium humate in organic fertilizer production processing.

Introduction:

Cage crusher is a middle size of horizontal crusher; it can crush single fertilizer with moisture less than 6%, especially for material with harder rigidity. It has simple and compact structure, covering little floor space, with easy maintenance, good crushing effect, and smooth operation, also easy to clean. It is professional for ammonium, demine, urea and other materials.

Specification:

Model	BSFS-40	BSFS-60	BSFS-90	BSFS-110
Prod capacity(t/h)	1~2	2~4	4~8	10~15
Particle size	0.5~5	0.5~5	0.5~5	0.5~5
Power	22	30	37	45
Overall Dimensions L×W× H	960×560×850	1632×1560×1180	2120×2040×1800	2160×2276×1880

Zhengzhou Tianci Heavy Industry Machinery Co.,Ltd

is agricultural technology developed institute pointed production unite of soil fertilizer station in Henan province agricultural department, main products are 100,000-200,000 tons compound fertilizer and mixed fertilizer production line, BB fertilize equipment(no dry, squeezed once forming equipment),chicken dung and high wet material drying fermentation equipment, organic fertilizer equipment, roller squeezing granulation machine, for organic, inorganic biological fertilizer factory, garbage, sewage handling factory, and make the first of the organic waste harmless handling.Developing the multi-functional completed set of compound fertilizer equipment, compact structure, covering less, reliable,low dust and so on.

We own strong technical force, high-quality workforce and CAD design center has been committed to the development of high, medium and low compound fertilizer and mixing fertilizer equipment production and development for new and old customers with process design, fabrication and installation of equipment debugging, formula.One-stop comprehensive service and products cover throughout the country, some products have been supporting exports.

Enterprise purpose: adhere to market-oriented, innovation and development, quality of survival to the consummation post-sale service won the majority of users praise, all clients are warmly welcomed to visit our company for business.
